

# HOUSE OF LORDS

## SELECT COMMITTEE ON SCIENCE AND TECHNOLOGY

### Open access

### Call for evidence

Written submissions should be provided to the Committee as a Microsoft Word document and sent by e-mail to [hlscience@parliament.uk](mailto:hlscience@parliament.uk). Please do not submit PDFs (if you do not have access to Microsoft Word you may submit in another editable electronic form). If you do not have access to a computer you may submit a paper copy to Chris Atkinson, Clerk to the Science and Technology Committee, Committee Office, House of Lords, London SW1A 0PW, fax 020 7219 4931. The deadline for written evidence is **18 January 2013**.

Short, concise submissions, of no more than six pages, are preferred. A longer submission should include a one-page summary. Paragraphs should be numbered. Submissions should be dated, with a note of the author's name, and of whether the author is acting on an individual or corporate basis. All submissions will be acknowledged promptly.

Personal contact details supplied to the Committee will be removed from submissions before publication but will be retained by the Committee staff for specific purposes relating to the Committee's work, such as seeking additional information.

Submissions become the property of the Committee which will decide whether to accept them as evidence. Evidence may be published by the Committee at any stage. It will normally appear on the Committee's website and will be deposited in the Parliamentary Archives. Once you have received acknowledgement that your submission has been accepted as evidence, you may publicise or publish it yourself, but in doing so you must indicate that it was prepared for the Committee. If you publish your evidence separately, you should be aware that you will be legally responsible for its content.

You should be careful not to comment on individual cases currently before a court of law, or matters in respect of which court proceedings are imminent. If you anticipate such issues arising, you should discuss with the Clerk of the Committee how this might affect your submission.

Certain individuals and organisations may be invited to appear in person before the Committee to give oral evidence. Oral evidence is usually given in public at Westminster and broadcast in audio and online. Persons invited to give oral evidence will be notified separately of the procedure to be followed and the topics likely to be discussed.

Substantive communications to the Committee about the inquiry should be addressed through the Clerk or the Chairman of the Committee, whether or not they are intended to constitute formal evidence to the Committee.

You may follow the progress of the inquiry at <http://www.parliament.uk/hlscience>.
